Subclaim → Mini-Argument

Evidence → Quote

Analysis → Break Down Details/Unpack Specifics

Significance → Transition out / What does this Show?

Example: Theme = Language

In Gilead, the bible is used   → **Turn observation** →   Atwood uses references to the Old Testament
to oppress People.   **Into Argument**   and Neologisms, which are X, to Show how Gilead
                                                               uses languages to oppress its citizens.

"And then God said, bow down   → **Provide** →   Before a ceremony where X happens,
to me, and I will give you babies" (20).   **Context**   a section from the bible is read... (Insert
                                                                                                    quote)

★For every 1 line of quote, you need to write Double the amount to analyze ★
